EFRAG & ISSB joint outreach event on ISSB Agenda consultation and International Applicability of SASB Standards

On 15 June 2023 from 13:30 to 15:30 CET, EFRAG & ISSB will host a joint outreach event on ISSB's Request for Information (RFI) on its Agenda consultation and International Applicability of SASB Standards. This will be a hybrid event, taking place in EFRAG offices in Brussels or online.

15 June 2023, 13:30 – 15:30 CET

Hybrid event

EFRAG offices, Brussels

Agenda consultation

The ISSB has issued its Request for Information Consultation on Agenda Priorities on 4 May 2023 to seek feedback on its priorities for its next two-year work plan. The comment period will end 1 September 2023. The ISSB is seeking feedback on four potential projects:

- three research projects on sustainability-related risks and opportunities associated with:
 - biodiversity, ecosystems and ecosystem services;
 - human capital; and
 - human rights; and
- one research project on integration in reporting

International applicability of SASB Standards

The ISSB published the exposure draft on 11 May 2023. The exposure draft public comment period will end 9 August 2023. Via this consultation the ISSB is seeking feedback on its proposed methodology for enhancing the international applicability of the SASB Standards.

EFRAG will present its preliminary views to both of these consultations as developed in its comment letters.
