EFRAG, Accountancy Europe, BusinessEurope, EFFAS and the IASB are inviting you to a live webinar to discuss the IASB's Third Agenda Consultation, EFRAG's reaction to it and EFRAG's Proactive Research Agenda.

The IASB published the Request for Information [Third Agenda Consultation](#) in March 2021.

EFRAG issued its joint consultation document in May 2021 in which it seeks views on EFRAG's tentative position on the IASB's agenda consultation and on its own proactive research agenda.

On **Thursday 9 September 2021, from 16.00 to 18.00 CET**, the joint outreach event will seek views from European stakeholders on the IASB's future priorities and EFRAG's proposals. The discussion will include the following topics:

- Is the strategic direction and the overall balance of the IASB's main activities about right?
- Which new financial reporting issues should be prioritised and added to the IASB's work plan for 2022 to 2026?
- What research projects should EFRAG include in its proactive agenda that are important for Europe and to generate debate at European and global level?

Audience participation will be possible through polling questions and Q&A sessions.
