On 29 April 2022, EFRAG launched a [public consultation](#) on the Exposure Drafts on Draft European Sustainability Reporting Standards. The public consultation is seeking views on the proposed disclosure requirements, including their adequacy, how the CSRD principles have been embedded and possible options for phasing-in the implementation.

In this context, EFRAG and CGE and ICAC are organising a joint outreach event and invite all interested stakeholders to participate. Spanish stakeholders will provide their views on the proposed disclosure requirements and will further comment from their perspective on the EDs of Draft ESRS. The audience will be able to interact, raise questions and answer polling questions that will be commented by the speakers. Programme will follow in due course.

Speakers for the event represent the following organisations:

- Ministerio de Asuntos Económicos y Transformación Digital del Gobierno de España
- EFRAG
- CGE
- ICAC
- EFAA for SMEs
- Banco de España
- CEOE
